EXPERIENCE

Analysis Group - Los Angeles, CA

Summer Litigation Associate Intern | June 2025 – Aug 2025

- Leveraged opposing expert's regression model to reduce client damage estimates by several million dollars.
- Contributed econometric critiques to expert rebuttal reports in two class action lawsuits under strict deadlines.
- Researched and prepared client-facing presentation material to support business development in new litigation areas.
- Casework: Antitrust, intellectual property and patent infringement.

UCLA, Department of Economics - Los Angeles, CA

Teaching Assistant | Sep 2021 – present

- Awarded departmental recognition for excellence in teaching based on top-rated student evaluations.
- Designed and led a mathematics refresher course for transfer students; success secured alumni funding for future years.
- Taught statistics, econometrics, data science, and microeconomics to diverse undergraduate classes.

UCLA, School of Public Affairs - Los Angeles, CA

Research Assistant | Jun 2022 – Aug 2024

- Conducted data analysis for an NIH-funded study assessing the health impacts of pollution on U.S. soldier populations.
- Constructed novel pollution exposure measures linkable to restricted medical records.
- Identified causal effects of pollution on health outcomes using quasi-random variation in exposure.

Federal Reserve Board of Governors - Washington, D.C.

Senior Research Assistant | Apr 2018 – Aug 2020

- Developed a text analysis tool with Python to construct policy uncertainty indices from earnings calls and newspapers.
- Produced empirical analysis and exhibits for FOMC briefings, directly informing monetary policy deliberations.
- Co-author, "The Economic Effects of Trade Policy Uncertainty", *Journal of Monetary Economics* (2020).
 - Research cited by *The New York Times*, *Wall Street Journal*, *Bloomberg*, *Reuters*, and others.

Jaemacom, GmbH - Berlin, Germany

Business Development Analyst | Jan 2017 – Oct 2017

- Researched competition and market demand to support international expansion outside Germany.
- Automated technical support workflows using Excel VBA, saving ~5 hours per week.
- Translated software interfaces and user manuals between German and English.
